**Object: Environmental Policy**

The Management of **melchioni s.p.a.**, aware of its responsibilities towards the Environment and Civil Society, and with the primary objective of better environmental protection in line with its activities, has integrated their business strategies, promoting technologies that help to preserve resources and activities that respect the Environment and People.

The Company's primary goal is to place on the market environmentally-friendly, innovative, reliable and safe products and meet the demands of all stakeholders (Customers, Employees, Shareholders).

The Management of **melchioni s.p.a.** promotes the following principles of environmental protection:

- To raise awareness among partners, customers and goods and services providers on the content of Environmental Policy.
- To prevent the use of materials from countries affected by conflicts or extensive human rights violations in accordance with art. 1502 of the Dodd-Frank Wall Street Reform and Consumer Protection Act.
- To involve partners in sensitizing environmental issues and achieving the identified improvement goals.
- To select suppliers based on the quality assurance of the materials, the degree of hazard of the products involved, their eco-compatibility and respect for the environment.
- To ensure compliance with all directives, laws, regulations and company rules on the environment.
- To promote the use of resources, raw materials and sustainable and renewable energy sources.
- To promote effective and careful use of resources and energy.
- To prevent any form of pollution.
- To eliminate whenever possible or minimize risks to Health, Safety and the Environment.
- To improve the environmental performance of Melchioni spa working sites.
- To promote optimized waste management so as to favor, where possible, recovery and recycling rather than disposal.

The Management ensures the Company all the resources and support needed to achieve the established environmental goals and is committed to constantly monitor the achievement of these goals.
